

Computer Recycling: Dell & Goodwill for Recycling Computers

Dell has made it easy for you to recycle your used computer equipment through Dell Reconnect, a partnership with Goodwill Industries.

Simply take your old computer equipment of any brand, in any condition, to one of Goodwill's 2,000+ participating locations throughout North America and we'll make sure your system and accessories are refurbished or recycled responsibly.

For further information, search online for Dell Reconnect.

Dell Reconnect typically accepts any brand of used computer equipment in any condition. We also accept just about anything that can be connected to a computer.
